Hi Jim and Matt,

Please confirm final agenda by Friday. I plan to send announcement Monday morning.  
Thanks, Alanna

### AGENDA September 10<sup>th</sup> CAG meeting

- Welcome and CAG announcements: Jim Robison, Chair, Portland Harbor CAG
- Discussion of the proposed riverbank remedy for the Evraz Oregon Steel Mills site: Matt McClincy, Project Manager, Oregon Department of Environmental Quality
  - o (On September 1, 2014, ODEQ will be issuing a public notice with opportunity to comment on a proposed riverbank remedy at the Evraz Oregon Steel Mills site. Learn more about the project and how to submit your comments.)
- Update on Siltronic / Gasco / McCormack & Baxter?? (Identify which topic and who will present)
- Closing remarks: Jim Robison

Thanks Matt.

Two other areas of interest for DEQ that I have been asked about trying to schedule in are Siltronic and Gasco (although they could be together). There is always interest in updates about Gasco because of the extent of the tarbody there. Siltronic has come up as an additional area of interest because of recent reports that showed Siltronic is one of the biggest polluters nationally. CAG members asked about getting more details about Siltronics current operations on the Willamette and how that affects source control and cleanup options.

Hi Jim,

I am checking with Drew to make sure he can make a 6:00 start. Also, we can potentially add a couple of other DEQ presentations to the agenda if your other possibilities do not work out. This could include a short update on McCormick and Baxter and a DEQ status update that Kevin Parrett is planning on presenting to a conference at the Environmental Law Education Center next week. Let me know if you want me to pursue these.

Matt McClincy

Matt,

EPA has to reschedule their planned presentation for next week's CAG meeting. I am pursuing a couple other possible agenda presentations, but we should plan on DEQ/Evraz being first on the agenda at 6pm, unless you've already made plans to arrive later and cannot start at 6. We can also allow more time for the DEQ/Evraz discussion than we had originally planned.

thanks,

jim

All,

Because the DEQ project manager for the Evraz Oregon Steel Mill project, Jennifer Sutter, is unable to make the Sept. meeting, I will probably be the presenter. We have enlisted Drew Gilpin from Evraz to help field any technical questions. Drew wants to know what time the DEQ presentation will be. Unless there are objections, I will let him know that DEQ will follow the EPA FS presentation. We will plan on 7:30 unless the FS discussion wraps up earlier.
